

2026 FALL HARVEST PROGRAM

EFFECTIVE SEPTEMBER 16, 2026

Delayed Pricing (DP) Program

No service fees for the first **15 calendar** days, including day of unload.
If NOT priced by the 15th day, charges revert back to date of unload.

These contracts may only be sold against the nearby cash bid.

Beneficial interest (title of grain) passes to KAAPA at time of delivery when on DP.
All grain applied to this program must be priced by September 30th, 2027.

**PRORATED
DAILY**

YC: \$0.07 / mo.

YSB: \$0.08 / mo.

Pre-Harvest Reminders

- Notify our team of payments deferred to January 1, 2027 or any later date
- Call to set up new accounts, splits, or field names before arriving on-site
- 1 tag per truck; tags are specifically assigned to trucks by license plate/make

Sign up for text alerts and download the KAAPA Ethanol app

For **TEXT ALERTS** call and provide us with the following:

- Name
- Cell Phone #
- Carrier (Verizon, US Cellular, etc.)
- Delivery Location(s)

Search **KAAPA Ethanol** in your app store to download. Login with your phone number!

Call our team to link your account(s) if unable to login.

Updates to harvest hours will be texted and posted on our website: KAAPAEthanol.com

All bushels are applied to contracts daily

Bushels will be applied to the contract with the oldest contract date first.

All unsold corn will automatically be placed on a Delayed Pricing (DP) contract at 8:30 am CT following delivery day.

ACH Payment is Available

We are offering ACH payment for grain at all locations. Contact our team or visit our offices to get a sign up form.
